

BERRIEN COUNTY SCHOOL EMERGENCY DRILL REPORT COMPLETION FORM

Reporting of Drills

Public Act 12 of 2014 (an act to amend 1941 PA 207) requires all schools to post on their website when school safety drills are completed. We offer this optional service to track your compliance. Also, the Act does require coordination with your local emergency management office on matters of coordination of the drills. Part of "coordination" means the reporting and learning from lessons that were learned during the drill in what is known as an after action report. This form is designed to record information related to that.

Usage of this form will ensure that you are in compliance with the recent school safety legislation.

If you have any questions with this form, please contact the Berrien County Office of Emergency Management at 269-983-7141 ext. 4975.

School Year 2021-2022

District Name Lakeshore Public Schools

Building Name **Lakeshore High School**

Other? Administration

Rescheduled? No - It was conducted on the originally planned date.

Website Field not completed.

Lessons Learned

Findings We chose to review the tornado drill procedures in class.

Corrective Actions Due to COVID-19, this was our best option.
